NEUROSURGERY PRACTICE PROVIDES SUPPORT FOR LOCAL HAPNN MEDICAL ORGANIZATION

*Regional Brain and Spine Supports
Heartland Advanced practice Nurses Network Conference on Sept. 6*

CAPE GIRARDEAU, MO. – Sept. 5, 2014 –[Regional Brain & Spine](#) (RBS) a leading neurosurgical, pain management, and physical medicine and rehabilitation practice is proud to announce its support of Heartland Advanced Practice Nurses Network's (HAPNN) 16th Annual Primary Care Conference, being held on Sept. 6, 2014. As part of supporting this event, RBS will be sponsoring a booth and providing free giveaways to event attendees.

“RBS is proud to support groups such as HAPNN because of their commitment to educating and supporting medical providers within our community,” said [Kevin Vaught, MD, FACS, CIME](#), a founding member of Regional Brain and Spine.

HAPNN's annual conferences are designed to provide continuing education for local healthcare providers. HAPNN has more than 60 individual members in the Southeast Missouri region who are supported through educational meetings, scholarships, and networking opportunities. The HAPNN membership consists of practice healthcare providers including, medical students, nurses, nurse managers, and physicians.

Regional Brain and Spine's team of board certified neurosurgeons and pain management experts are committed to furthering the mission of HAPNN and all of its members. For more information on Regional Brain and Spine please go to www.regionalbrainandspine.com or call (573) 332-7746.
